## FOREWORD

One of the most useful, almost indispensable books for the office, manufactory, shop, railroad stations, steamboat lines and last but not least the household and business world, is the Directory, without it, much valuable time is lost, to say nothing of the loss of one's patience looking for a name, a number, the location of some street or society, or for any other of the items which, with the aid of a Directory, can be found at a moment's notice.

The patronage of the public for our advertisers, who represent the pluck and energy of the business men of the city of Quincy is solicited. You will find them always willing and anxious to accommodate you to the best of their ability.

Trusting the citizens in general will co-operate with us in our future efforts to furnish a book full of useful information, we remain  
Respectfully,

W. A. Greenough & Co.

Hello Again **G. B. BATES** — Our Quincy Anniversary 1889  
1910

Thirty years devotion (without a halt) in the Plumbing and Heating business. Twenty years (two decades) in Quincy. Nothing succeeds like success. The man who never FAILED to meet his obligations and make TWO blades of grass grow where ONE grew before. The man who compelled the adoption of better plumbing laws and put a check on bad plumbing in our city. The man who originated and planned the correct solution of separating the grade crossing problem at Saville street (by depression) without expense to the city or taking Hood's Sarsaparilla. The man who built up, curbed and paved Saville street (the most neglected and disgraceful public thoroughfare in the centre of our city) without expense to the city. The man who is opposed to foolish, extravagant and wasteful management of our city affairs. The man who will not be touched by political influence. The man who is not afraid but dares lift the political lid and expose the rottenness of our city affairs. Probably the best-hated man in the city by the political crook, the peanut politician and the dead beat. The man who remembers his freinds and forgives his enemies. The man who never annoyed you by chasing, begging or button-holing you for a job. This man, who works out these reforms and improvements for the benefit of the community, just as cheerfully makes lower prices on reliable Plumbing and Heating Goods than his competitors, from 10 to 30 per cent.
